

Special Committee on Voter Confidence Minutes
(Working Session)

September 20, 2022 at 10:00 A.M.

The Committee met at Sheehan Phinney Bass + Green, 1000 Elm Street, Manchester at 10 a.m., according to notice. All members were in attendance.

Co-chairs Cook and Swett conducted a review of the outline and substance of the final report of the Committee. They expressed the view that the final report should be ready before the general election, if possible.

Co-chair Cook will assemble the comments and input and prepare drafts to be reviewed by the Committee as a methodology to complete the task. An agreed format was decided, subject to further revision as the drafting process proceeds. Members who have not done so yet will submit their findings and recommendations to Mr. Cook to include in the first draft.

Mr. Eyring will provide a summary of testimony heard by the Committee to be included in the report. A draft will be distributed to Committee members prior to the next meeting, if possible, through the Secretary of State's Office.

The next meeting of the Committee will be Wednesday, September 28 at 10 a.m. at the State Archives.

Respectfully submitted,

Bradford E. Cook, Co-Chair
