

Dear Sir or Madam:

I am writing to request to appear on the Ballot Law Commission Agenda as soon as possible in regards to incorrectly invalidated nomination petitions from the City of Manchester, NH.

I am running for State Rep for Manchester Ward 2 and several of my submitted petitions were rejected although the voters are indeed registered in the ward. They were submitted and received prior to the deadline requested and attempts to have the City Clerk re-submit them were rejected.

At this time, I am requesting a higher authority to review these incorrectly invalidated petitions.

Thank you for your time and assistance in this matter.

Sincerely,  
Valerie Sarwark
